Membership Appreciation Day II Fall Session
"Trends, Innovations, Controversies and Clinical Tips"
FRIDAY, DECEMBER 1, 2017...LANSING, MI

The Michigan Academy Of General Dentistry Presents
Damon Adams, DDS

Course Synopsis:

Confused by all the choices? Don't be!

Knowledge of the latest indirect dental materials is vital to maximizing the aesthetic and functional success of your team-created restorations. Dental materials are sometimes being brought to market and being widely used in patients without adequate science based evidence. Dr. Adams will help you increase your understanding of the most advanced dental materials with the goal of making better-informed choices, present some of the latest trends and related innovations, and share some useful clinical tips.

Learning Objectives (*Number of objectives covered are dependent upon actual lecture time allotted.*)

- Basic classifications/indications of the latest lab-fabricated esthetic dental materials
- Advantages and disadvantages of each class of modern all-ceramic materials
- A review of some of the latest trends, developments, and innovations in dentistry
- Ways to minimize all-ceramic failures/fractures to reduce stress and increase profits
- 100% zirconium restorations: Evidence-based data versus future challenges?
- Latest preparation and core build-up requirements with lithium disilicate and monolithic zirconia
- New translucent anterior zirconia options: indications, special cautions, and future challenges
- Update on surface treatment protocols and cements for lab-fabricated restorative materials
- An update on surface treatments for all-ceramics. Making it much simpler!
- Diagnosis and treatment planning considerations for lab-fabricated restorative materials
- Are all-ceramics always the best choice? What are some of the current alternatives?
- An evidence-based prophylaxis protocol for maintaining composite, all-ceramic, and ceramic-based restorations

Biography: Damon Adams, DDS

Dr. Damon C. Adams, a graduate of the University of Michigan School of Dentistry, is an assistant clinical professor at the University of Toledo, College of Medicine (dental residency program). He is the editor-in-chief of *Dentistry Today* and is listed in *Dentistry Today's Leaders in Continuing Education*. Dr. Adams lectures internationally focusing on updates in dental materials, the latest trends and innovations in dentistry, doctor-technician relationships and techno-clinical perspectives. In addition to his years in private practice, he has had the opportunity to serve as a doctor-technician liaison for numerous dental labs throughout North America since 1996. Dr. Adams is a member of the ADA, AGD, AACD, and the National Association of Dental Laboratories; and is a Fellow in the International College of Dentists.
