

Maximized Adhesive Anterior and Posterior Dentistry – Creating Awesome Conservative Solutions Patients Will Love

*Boyne Highlands Resort
Harbor Springs, Michigan*

Friday-Saturday September 21-22, 2018

The Michigan Academy of General Dentistry
Presents:
Bruce LeBlanc, DDS

Course Objectives & Synopsis:

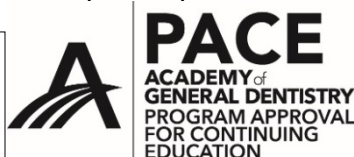

With all the changes in bonding agents over the years, many clinicians report difficulty in deciding which products to use and how to use them. Sensitivity and premature failure continue to be a big issue. This hands-on course includes step by step start to finish application of adhesive products to produce comfortable, durable composite and porcelain restorations that patients love. Dr. LeBlanc includes his Maximized Adhesive Dentistry™ protocol that many clinicians have found practice changing by creating more confidence in the solutions they offer. Attendees will leave the experience with more knowledge in what products to choose and how to use increasing their enjoyment and success with adhesive dentistry. Learning Objectives - Predictable, durable, comfortable direct composites - Bonding agents – products and protocol that will guarantee success - Durable porcelain repairs that last years not weeks - Conservative posterior porcelain restorations patients will love - Predictable no sensitivity bonding protocols that boost your confidence - Learn to use must have matrix systems for composites - Cementation protocols for crowns, onlays and inlays - Using photography and communication skills to gain patient trust and acceptance - Using Carivu diagnostic cavity detection to diagnose proximal lesions missed by x-rays

Biography: Bruce LeBlanc, DDS

Dr. Bruce LeBlanc is passionate about teaching techniques, protocols and principals that simplify conservative clinical procedures creating confidence and enjoyment for attendees when they return to their practices. Dr. LeBlanc has lectured and published internationally on the subject of Maximized Adhesive Dentistry (TM) helping dentists create unique conservative solutions to everyday dental problems. Attendees to his presentations report learning valuable concepts that can be implemented with routine success immediately into their practices. He is a graduate of LSU School of Dentistry and completed core curriculums at the LD Pankey Institute, Dawson Institute and Fillastre Institute as well as the initial class of the LSU Cosmetic Continuum. He is a founding member of the F Harold Wirth Foundation which was created to foster the doctor patient relationship and patient centered care.
